## GOOD APPLE CROP

APPLE RAISERS SAY THAT IT WILL BE A BANNER CROP.

## CLUB AFTER FACTORY

For Vinegar and Cider in Maryville—What E. E. Carver Says of the Crop.

The apple crop for this year promises to be a bumper one, according to a number of apple raisers over the county. The Commercial club is asking a number of those who are in the apple raising business in regard to the crop, in the hope of securing a vinegar and cider factory in Maryville.

A gentleman was in the city last week to see Secretary G. B. Roseberry in regard to the apple crop over the county, and was very favorably impressed with Maryville, but was informed by some that the apple crop for this year would not be as heavy as formerly. He was here to look over the field for a location for a vinegar and cider factory for Maryville for the Heinz people. On leaving the city he said he would be back in a few weeks and would decide then whether Maryville should get the factory.

The Commercial club is making out a report on what the outlook on apples will be this year in Nodaway county. The following is a letter from E. E. Carver, a large apple raiser living near Guilford, to Secretary Roseberry of the Commercial club:

"Samuel Simpson just called me and asked for a report on the apple crop for this section. It will be the largest yet grown in the county.

"Many trees are too full and will make many culls. There is less evidence of scab than usual. Ben Davis will be unusually fine. My conclusions are based on the average of fifty private reports outside of my general observation. Have over thirty acres of bearing orchard and have bought and shipped for thirty-one years. The parties who want apples need not fear, and if they will come down I will be pleased to show them what we have in this section. Can show 200 acres in one day.

"E. E. CARVER."

## THINK WELL OF THE COMETS' PLAYERS

The Nebraska City Press, in speaking of the Comets' players in the game with Nebraska City Thursday, says:

For the visitors, we believe the honors fell to Dietz, who accepted fourteen chances perfectly. Wintz, DeCamp and Mr. Southward, who is surely some pitcher, eight of our Forsters having been mowed down before his mighty right arm. Bulger Walsh with his perpetual platform addresses to the grandstand, was a familiar sight yesterday to the fans who remember the Bulger of last year. Griffin, the flat-footed, was again recognized, and seems to have retained all of his old speed. For the new comers we must say that we admire one Sackett, who takes care of the ginger jar at shortstop position. He has plenty of "pep," and no mistake.

## HOT NIGHTS DON'T BOTHER DR. ANTHONY

Dr. Anthony is going around these hot days looking comparatively cool and satisfied. And he comes uptown every morning looking as fresh and cool as a cucumber.

Why?

Well, he has just had a new sleeping porch completed on the south side of his residence, on South Main street, and he has found our summer nights delightful for a week or more.

The porch is 9x16 feet in size and has a ceiling eight feet high. An opening three inches deep extends around the floor to insure good ventilation, and weather-boarding from there up as high as the bed. It is covered with wire screening to keep out mosquitoes and bugs, and duck canvas will be hung up in rainy weather.

Dr. Anthony believes this climate is as good as any if we would only utilize it. He believes sleeping rooms out of doors would soon solve all tuberculosis troubles, and thinks that if people would live in the open here the same as they do when they go to the mountains for their health the benefit would be just as great.

Why not try it?

We saw a laughing, rollicking, rosy baby up on West Seventh street the other day that is a good example of life in the fresh air. He attracts the attention of all passersby. His mother puts him in a harness arrangement that fastens to the ceiling of the porch by means of a spiral spring. The baby's tippytoes barely touch the mat under his feet. But it is all the encouragement he needs, and in his effort to stand he springs up and down in his safe, strong swing, some times jumping two feet high, throwing his arms and crowing in delight with his outdoor sport.

## MARYVILLE-MOUND CITY TRAIL IS URGED

The following is from this week's Mound City News:

C. D. Bellows, proprietor of the famous herd of Shorthorn cattle at Maryville, was a business visitor in this city last Wednesday, and in conversation with a representative of the News, expressed the opinion that a splendid enterprise would be a dragged road from Mound City to Maryville. He said he believed if the business men of Maryville, Maitland, Graham and Mound City would take up the matter the people living along the proposed route would fall in line and do their part.

There is no question but that such a road would be of great benefit to all the towns mentioned above, and would be an especial convenience to the people living within the territory of these towns. The distance would be in the neighborhood of twenty-five miles, and through some of the best country in the world. It would make a splendid automobile trip, as well as be of material benefit to the farmers in providing a good road over which to haul their products to market. The expense of maintaining such a road, dragged and in good repair, would be small if the work was properly organized, and would enhance the value of every farm along which it passed.

The inter-city trail idea has been growing wonderfully during the past few months. Already there are established systematically dragged highways between most of the leading cities, and the people along the routes are the ones who are being most benefited. The organization is such that in some cases within a few hours the trail of several hundred miles is dragged along the entire route.

We hope our local commercial club and those of Maitland, Graham and Maryville will take action in this matter. It would be a profitable accomplishment for all concerned.

## FILED SUIT TO COLLECT YEAR'S RENT

A suit was filed Friday in Justice Morris' court, which will be tried next Friday by Attorneys Cook, Cummins and Dawson and M. A. Peery for Mrs. Nannie Morehouse Neale of Chetopa, Kan., against James R. Smith of near Barnard. The suit is to collect \$807.50 rent for a 323-acre farm that Mr. Smith is occupying near Barnard.

## TO TAKE OUT SIX TREES IN COURTYARD

The county court, which was in session this week, made an order to take out six large trees in the court house yard on the north side. The work is now being done under the direction of A. M. Campbell, two of the trees having been taken out.

The court will probably at a later meeting order the fence taken down. They intend also to build sidewalks from each corner to the court house building, and also beautify the grounds. It is thought that the merchants of the city will provide seats in the yard for the benefit of the people that come to Maryville.

## TEACHERS' EXAMINATION JUNE 23 AND 24

The regular teachers' examination will be held on Friday and Saturday, June 23 and 24, in Maryville, in the Business college rooms, under the direction of County Superintendent Oakerson.

The order of subjects in which examinations will be given on the first day follows:

Geography, language, algebra, orthography, grammar, arithmetic, literature and reading.

For the second day they are as follows:

Civil government, U. S. history, agriculture, advanced science, physiology, pedagogy, advanced history.

Miss Ruby Peery of Albany and Miss Bess Smith of Chicago are the guests of Misses Jennie and Lou Garrett. Miss Smith is a sister of Mrs. S. O. Dunn, who is in the city with her family visiting friends. Maryville is their former home.

## TO ATTEND DRAKE COMMENCEMENT

Miss Laura Hawkins and Miss Helen Dunn left Saturday forenoon for Des Moines, Ia., to attend the commencement exercises of Drake university. Miss Dunn will be the guest of her cousin, Miss Ella Walton Frank. After commencement, which takes place next Thursday night, Miss Dunn will go to Adell, Ia., to spend several days with Rev. and Mrs. R. E. Musgrave. Rev. Musgrave was a former pastor of the Christian church at Boicew, Miss Dunn's home.

Miss Hawkins will spend about ten days in Des Moines with old friends. She graduated from Drake university in the class of 1899, and the members of this class will hold a reunion this year at the alumni banquet to honor Prof. B. E. Shepard of the chair of physiology in Drake university. Prof. Shepard has been a member of the Drake faculty since its first year, or thirty years, and he retires from his long service the coming week and will receive a Carnegie pension. He was chosen by the class of 1899 as its "father," and there will be several class affairs next week in commemoration of his performance of his duties to them at that time.

## TO CELEBRATE THE FOURTH IN MARYVILLE

A meeting of the Fourth of July committee was held Friday afternoon at the Commercial club rooms for the purpose of talking over plans for the entertainment of the people on that day. It was decided that there would be no fireworks in the evening, but instead there would be a band concert and an entertainment company of some kind on the public square. Several other features are to be worked out for the celebration. No program has been arranged, but the celebration promises to be a good one.

## ELECTED TO A P. E. O. STATE OFFICE AT TRENTON

Miss Lella Bonewitz returned Friday night from Trenton, Mo., where she attended the state convention of the P. E. O. chapters. Miss Bonewitz was for the second time, honored by being elected corresponding secretary of the state P. E. O. She reports a very successful meeting, and said that it was one of the largest held in the history of the state. The Trenton people treated their visitors royally, and the Riverside Country club of Trenton extended to them the hospitality of their club house. The Automobile club of Trenton took them out for a ride Wednesday over the city and to the country club house. Nine new chapters have been added to the P. E. O. in the state during the past year. The P. E. O. organization has an educational fund of \$19,000, of which sum the Missouri P. E. O. contributed \$800. At the present time thirty-three self-supporting young women are taking advantage of the educational fund from which they borrowed at a small rate of interest.

Mrs. Vina Bowden of Brookfield, who recently visited Maryville as state inspector of P. E. O. chapters, was elected president at the Trenton meeting.

## CITY COUNCIL IN SHORT SESSION

The city council met Friday evening in a short session for the purpose of casting up the vote cast in the special election held Tuesday on the city hall bond issue and on police judge. Judge W. L. Johnson, who was elected police judge, was present and was sworn in as police judge. No other business was transacted by the council.

## SCRAMBLED EGGS FROM KALAMAZOO

Mine enemies have unconsciously done me greater service than my friends.

The pathway of life is strewn with wrecks. You are always in more danger, however, while standing still than that you will be run over, than in keeping well up at the head of the procession, where you cannot be stepped on or have your wheels locked.

A man of his own free will and accord will travel the same streets from his office to his home for forty years, but if, perchance, there should be a law passed compelling him to do it, just that minute he is a changed man. He will all at once become mighty curious to know what there is over on the other street they are trying to keep him away from, and he will also run the risk of getting in jail to find out.

### Dad's Boy.

There was more excitement at our house last night than there ever was at a ball game with two men out, three men on bases and the best batter in the team at the stick. Some time along in the middle of the night ma woke dad up with one of them awful blood curdlin' whispers, sayin', "Henry, there's a burglar in the house." I never looked upon dad as no coward, neither has he ever seemed to me exactly like one of them "When-ever you are ready, Gridley, you may fire" men. I've always thought he'd fight if he was cornered, but that he'd a darn sight rather sit down quietly with a cigar and talk things over calmly. Dad tried to quiet ma, but she hung to it she heard somebody walkin' around downstairs, and pretty soon dad heard 'em so plain he couldn't deny it himself, much as he'd liked to. Dad's voice shook quite some when he said: "Mary, you can move stiller'n I can, you just get up and lock our door and we'll let 'em take everything they want downstairs, and tomorrow I'll buy you a lot more things nice'r anything we've got now." "I didn't know I'd married a coward," says ma, and with that she jumps out of bed, runs to the top of the stairs and shrieks "Murder" as loud as she could yell it. Dad, I suppose, was ashamed to stay in bed, so he trailed along after her and they both of 'em met the hired girl at the top of the stairs. She'd took sick and had gone down after some peppermint. Gee, it was funny, ma and dad and the hired girl all standing there in their white suits and shakin' all over. The hired girl quit this mornin'. She told ma she was quite some subject to stomach ache and she was afraid she couldn't get used to meetin' the man of the house in his night shirt every time she made a peppermint trip. Dad told ma it served her right.

President H. K. Taylor and son, Jack, and grandson, Victor I. Moore, Jr., went to St. Joseph Saturday morning to spend the day.

## THREE MORE OHIO SOLONS INDICTED

Attache Also Held by Grand Jury  
on Charges of Bribery.

### ADJOURN FOR INDEFINITE TIME

Confession of Owen J. Evans Was Expected to Cause Many More Indictments—Accused Men Furnish \$5,000 Bond in Each Case.

Columbus, O., June 10.—Three members of the general assembly and an attache were indicted on bribery charges by the grand jury, which adjourned for an indefinite period, subject to call. Its investigations of legislative bribery is not complete, but it will not be resumed for the present. Those indicted include: Senator Thomas A. Dean (Dem.), Sandusky county, whose name has been attached to practically all the liquor bills in the last three sessions of the assembly; Representative Frank M. Calvey (Rep.), Cuyahoga county, member of the house first calendar committee; Representative George B. Nye (Dem.), Pike county, also a member of the calendar committee, and already under three indictments for bribery solicitation; Stanley F. Harrison, Cuyahoga county, assistant sergeant-at-arms of the senate. All were indicted twice and furnished \$5,000 bond on each case.

Though the confession of Representative Owen J. Evans of Stark county this week was expected to result in many indictments, there are only two of the bills traceable to the confession, those against Representative Calvey, his colleague on the calendar committee.

New indictments against Dr. Nye, charge him with the solicitation of \$700 and "certain monies" from Albert Corrodi, a real estate agent, J. H. Bradford and J. H. Smith, local merchants, to prevent the passage of a bill to protect game birds. Harrison was indicted for acting as intermediary.

Calvey was indicted for soliciting \$200 from Mortimer H. Lowndes of Cleveland, and an unknown amount from W. R. Hopkins of Cleveland in connection with the Edwards underground railway bill. The Dean indictments go back three years, to a time when the senator was not in the assembly.

In January, 1908, he is alleged to have offered bribes to two of the then members of the senate, John A. Drake of Erie county and W. L. Atwell of Licking county, to have them, as members of the senate temperance committee, vote adversely on the Rose county option bill.

### MRS J. H. WAYLAND KILLED

Wife of Editor of Appeal to Reason Victim of Auto Smashup.

Pittsburg, Kan., June 10.—Mrs. J. H. Wayland, wife of the editor of the Appeal to Reason, published at Girard, Kan., died from injuries received in an automobile accident at Girard. Mrs. Wayland was riding in company with her husband, their two children and a Mrs. Clements of Indiana, who is a visitor at the Wayland home. The steering gear of the machine got out of order and the car dived to the side of the road, striking a telephone pole and going into a ditch. Mrs. Wayland was thrown forward violently, her head striking the pole. Her skull was fractured and she was rendered unconscious, remaining in that condition until her death.

Mrs. Wayland, who was thirty-nine years old, was married six years ago. Before that time she was employed in the office of the Appeal to Reason as private stenographer to Mr. Wayland.

### CHICAGO SETS A NEW MARK

Mercury Climbs to Highest Point for June.

Chicago, June 10.—All records for high temperature for the season prior to July 1 that have existed since the Chicago weather bureau was established went by the board when the government thermometer registered 96.8 degrees. This is the third record broken this year by high temperature, the others being for high month and high season temperatures.

Professor Cox of the government weather station said it was the highest point ever attained in Chicago before July 1 and that only a comparatively low humidity stood between hundreds of workers in the city and prostration. As it was a number of prostrations were reported.

### INSURRECTOS IN CONTROL

Gonzales Starts for Chihuahua to Assume Duties of Governor.

Juarez, Mex., June 10.—Apparently indifferent to threats which he said were made against him, Abraham Gonzales left for Chihuahua to take office as provisional governor. At the same time word came from Chihuahua that Miguel Arumada, former federal governor, has left there. With the exception of the presence of 5,000 federal troops in the city, the government affairs are now entirely in the hands of the insurrecto officials.

The residents have been kept in a nervous tension because of the friction between the federal and insurrecto forces.

### ENGLAND TO CURS AIR MEN

King's Narrow Escape at Aldershot Will Lead to Legislation.

London, June 10.—Shocked by King George's narrow escape when Aviator Cody, the "Buffalo Bill of the air," swooped within twenty-five feet of him at Aldershot, members of parliament are preparing bills which will punish severely aviators who fly too close to spectators.

Members of the royal party declare they did not expect to escape when Cody's big machine got beyond control and dashed toward them. They say that only his prompt manipulation prevented a disaster.

## ONE SHOT IN RIOTING AND SEVERAL INJURED

One Hundred Police Charge on  
Strikers at Cleveland.

Cleveland, June 10.—One hundred policemen, summoned to the scene of a riot between striking garment workers and sympathizers and nonunion workmen, charged on the rioters, and in the fight one man was shot and at least six seriously injured. Scores suffered battered heads and bruises.

It was the first violence of the strike. About 600 men and women gathered in front of a branch factory as nonunion workmen were about to leave.

A brick hurled into the crowd by an unidentified person started the riot. When the police arrived the strikers and nonunion men were hurling bricks, clubs and stones. Windows in nearby stores were smashed. When the police charged the mob resisted.

Later strikers gathered at another factory to force out the nonunion workers. Windows were broken and some of the strikers rushed upstairs on fire escapes and entered the building. Many of the men workers inside then joined the strikers, but 150 girl workers refused. The strikers and their recruits then started in a parade down the street.

Another riot call brought a squad of police and the crowd was dispersed.

### FLEET TIED UP BY STRIKE

Ships Chartered for Big Naval Review Unable to Take on Fuel.

Southampton, England, June 10.—A strike of coal porters broke out here. The American line steamer St. Paul, scheduled to sail for New York today, will be delayed and the liner Olympic is having difficulty in obtaining a crew. A whole fleet of ships chartered by the government and others for the naval review are lying off the port, unable to take on coal.

### Boat Bound for Kansas City.

St. Louis, June 10.—The tunnel type oil-burning steamer Chester arrived here from New Orleans en route to Kansas City. The boat is owned by the Kansas City-Missouri River Navigation company and will depart for Kansas City today. It is planned to have the boat, which can navigate in shallow water, run between here and Kansas City.

### Working Women Need \$12 a Week.

Boston, June 10.—"No working woman can possibly live in simple comfort on less than \$12 a week," declared Mrs. Raymond Robins of Chicago. Mrs. Robins is in Boston to attend the national conference of Women's Trade Union leagues, of which she is president. "If her wages fall below that amount, she merely exists."

Sheep—200. Market steady.

##### ST. JOSEPH.

Cattle—200. Market steady.  
Hogs—5,000. Market steady; top, \$6.25.  
Sheep—300. Market steady.

##### St. Louis Live Stock Market.

National Stock Yards, Ill. June 9.—Cattle receipts, 2,500. No change in value. Outlook steady on good stuff; lower on grassers. Nothing choice here today.

Hog receipts, 11,000. Market 10¢ 15¢ higher, and packers paid the advance as well as shippers. Bulk of the hogs sold at \$6.10@6.25, with a top load sold by us at \$6.30. Looks like liberal supplies early next week.

Sheep receipts, 4,500. Good sheep and lambs 15¢ 25¢ lower; other kinds demoralized. Top for Kentucky spring lambs \$7.10. Natives would hardly sell above \$6.75. Best ewes and wethers around \$3.75. This week sheep receipts were the largest in the history of the market. We advise going slow on shipments for next week.

### FIGHT FOR OFFICE OPENS IN MEXICO

#### Arrival of Reyes Marks Start of Presidential Race.

#### GEN. MADERO AS HIS RIVAL.

Powerful Catholic Party Also Expected to Place Ticket in Field for Contest to Succeed Diaz, Who Was Their Political Enemy.

Vera Cruz, Mex., June 9.—The war being over, constructively at least, the presidential campaign may be said to have begun in Mexico, when General Bernardo Reyes, who has been recalled from Europe for the purpose of aiding in the re-establishment of peace, arrived here by the steamship Puert Bismarck from Havana, where he had halted on the way.

While not an avowed candidate for the presidency, General Reyes is considered a receptive one. Undoubtedly his name will be on the ballot when the election is held. He is popular with the army and can rely politically on what remains of the Diaz machine.

When Madero arrives in Mexico City tomorrow the two men who probably will be the leading rivals for the presidency may have the opportunity of sizing each other up at close quarters. Later the powerful Catholic party is expected to put forward a candidate. Diaz was the political enemy of the church, whose wealth and organization he considered a menace to the state.

#### GOLD STRIKES IN ALASKA

Rich Finds on Long and Indian Creeks and Stampede Begins.

Fairbanks, Alaska, June 9.—A gold strike is reported to have been made on Indian creek, a tributary of the Koyukuk river, 300 miles up the stream. Pay dirt has been struck in two places. Miners are stampeding from here. Gold has also been struck on Long creek, on the south side of the Yukon, opposite Melozzi. The dirt yielded 5 to 15 cents to the pan. An English syndicate has purchased a dredge at Dawson and will ship it here immediately to operate on Fairbanks creek.

Miss Ella Craig, who has been in the city several days, went to Davis City, Ia., Saturday.

#### GOVERNOR REDO EXECUTED

Executive Refuses to Surrender City and Federal Garrison Mutinies.

Nogales, Sonora, Mex., June 9.—A high official of the Sonora railroad, who arrived from the south, states that the report of the execution of Governor Redo of Sinaloa, while spread prematurely, ultimately came true. He asserted that Governor Redo and the commander of the federal troops in Culiacan were shot at sunrise.

According to this railroad official's advice, Governor Redo and his federal force refused to surrender Culiacan to Manuel Bonilla, the provisional governor sent by Madero. There was some fighting and the garrison then mutinied and surrendered the capital to the insurgents.

Redo and the federal commander were condemned to death and executed. Bonilla was installed as governor of Sinaloa and peace has been restored in the city.

#### PERILS TO AMERICAN HOME

Bryan Says Religion Is Neglected in Pursuit of Dollars and Pleasure.

New York, June 9.—The American home is imperilled by neglect of religion, failure to cultivate home life and the pursuit of pleasure and the dollar, according to William J. Bryan.

Mr. Bryan's opinion was sought by the Rev. Christian F. Heisner, who wrote the Nebraskan asking him "What endangers the American home?"

Mr. Bryan's reply, made public from the pulpit, was as follows:

"Allowing business and pleasure to consume all the time so that none is left for the cultivation of the home life. We are too busy making money and hunting for a good time. Home religion is also neglected."

#### Legless High Diver Killed.

New York, June 9.—Edward Ver Paul, a legless high diver, was killed in an amusement park in Bayonne. The cripple pulled himself to the top of a fifty-foot ladder and prepared for the plunge into a six-foot tank below, when the ladder wobbled and Ver Paul fell. He struck the edge of the tank and rolled into the water. He was dead when picked up.

#### Airdome.

The largest audience of the week was present last night to witness the four-act comedy drama "Cousin Bess," also the excellent harmonica specialty by Alf Hilton and the wonderful mind reading tests by Mock Sad All.

Tonight the company will present the four-act pastoral comedy "The Country Minister at Cozy Corner." This is the last appearance of the company at the Airdome.

#### CAPTAIN DIETZ IN FIGHT WITH UMPIRE

The Nebraska City Press had the following account of the fight of Captain Dietz of the Comets and Umpire Werner at Nebraska City Thursday evening:

Catcher Dietz, captain of the Maryville base ball team, assaulted Umpire Fred Werner last night at 10 o'clock in front of the Welsh drug store. According to witnesses who saw the trouble, Werner was talking to one or two players of the Nebraska City team when Dietz approached him, and after a few words struck Werner on the jaw, knocking him down. The trouble was the culmination of a few words the men had during the game yesterday. It is said, Werner telegraphed President Carey to impose a fine on Dietz and suspend him to the limit.

A complaint will also be filed in police court this morning, according to the statement made by Werner last night.

#### FOR CHILDREN'S DAY

#### Drove to Hopkins.

Mr. and Mrs. G. L. Wilfley, Mr. and Mrs. O. C. Hanna and daughter, Miss Mildred Hanna, drove to Hopkins Friday evening in the Wilfley car. After a luncheon there they returned home, declaring the weather the pleasantest in the world.

#### Six O'Clock Dinner.

Mr. and Mrs. F. P. Robinson entertained with a 6 o'clock dinner Friday evening. A large basket of sweet peas in various hues formed a handsome centerpiece for the dining table. The guests included Mrs. Theodore L. Robinson, Dr. and Mrs. Charles T. Bell, Mr. and Mrs. Albert Bell, Mr. and Mrs. John D. Richey and daughter, Mary Margaret, and their guests, Mr. and Mrs. John Clary of Clearmont. The evening was spent socially and with music by the hostess and her daughter, Miss Mildred Robinson.

#### Married in Denver.

Mrs. Helen Marie Townsend of Denver, Col., and Mr. William Stewart of San Francisco, Cal., were united in marriage Thursday, June 8, at St. Mark's church in Denver. A reception followed at the Brown Palace hotel. Mrs. Stewart is quite well known in Maryville. She was the widow of the late Charles Townsend, who was a son of the late Captain and Mrs. Edward E. Townsend. The Townsends moved to Denver a few years before his death occurred, and after his death, Mrs. Townsend and her children have spent much of their time in San Francisco. Mr. Stewart, to whom she was married Thursday, is a newspaper man of San Francisco. He was until lately connected with the Cosmopolitan Magazine. Mr. and Mrs. Stewart have left for Europe on their honeymoon, and will make a summer's tour of England.

#### Mrs. Nixon Hostess.

The M. I. Circle met at the home of Mrs. I. W. Nixon Friday afternoon, in compliment to Mrs. M. M. Deming, one of the Circle's members, who will go to Omaha the coming week to make her home. Mrs. Deming's mother, Mrs. Hugh McIntosh, was also a guest of honor. Mrs. Nixon was assisted in her duties as hostess by her daughters, Misses Lena and Myrtle Nixon, and Mrs. W. A. Bailey. The rooms were appropriately decorated in the Circle colors, pink and green. The guests were served punch on their arrival, and after a pleasant afternoon in various amusements, Mrs. Anderson Craig read an original poem entitled "Good-bye Deming," that was full of jest and earnest and tribute to the guest of honor. Mrs. J. M. Hosmer then presented a handsome solid silver souvenir spoon, appropriately engraved, to Mrs. Deming on behalf of the Circle. A delightful luncheon followed. The Circle members are: Mrs. W. A. Bailey, Mrs. A. Craig, Mrs.

O. Catterson, Mrs. M. M. Deming, Mrs. J. F. Douglas, Mrs. C. Davis, Mrs. W. Funk, Mrs. A. T. Fisher, Mrs. A. C. Gann, Mrs. B. C. Halley, Mrs. J. G. Honnold, Mrs. J. M. Hosmer, Mrs. F. M. Harold Bellows, son of Mr. and Mrs. George P. Bellows, will return Sunday morning from Chicago, where he has been attending Northwestern university.

#### HUSBAND LEARNS WIFE IS NEGRO

Two wrecked homes, pupils banished from schools, a church torn by dissension and doubt, and society of two populous communities in the western section of St. Louis and in the eastern section of the county shocked by the declaration that two families, one posing as descendants from the old Spanish grandees and the other as descendants of the original inhabitants of America, negroes, have wrought consternation in Maplewood and Ellendale.

As a result, a war, that promises to be confined exclusively to the courts, has been inaugurated. The first step was taken Friday, when John B. Collins, son of one of the wealthiest men in Ellendale, appealed to the courts to have his marriage with a woman he supposed to be white when he married her, annulled. Former Lieutenant Governor Charles P. Johnson has been employed to represent the Collins family, and has prepared the annulment petition.

For four years the family of Louis P. Clamorgan have lived at No. 7122 Marie avenue, in Ellendale, in the extreme western part of the city. It was a daughter of Clamorgan, Cora Clamorgan, whom John B. Collins married, unknown to his family, August 15, 1910. Collins, at that time lacked a few days of being 19 years old, and his wife was but 16. They kept their marriage a secret from their parents until last December, when it became known, and young Collins went to live with his wife's parents. The Collinses have a baby, 6 weeks old.

The story of the Clamorgan girl's discovery that she is a negro is analogous to the stories written by the late Kate Chopin, only it is the truth. Such occurrences are not infrequent in the state of Louisiana, but they are comparatively rare in this section.

The young wife in this case, when accused by her husband, went to her parents and demanded to know the truth. She returned sobbing and said it was best for them to separate.

Miss Blanche Nixon, a daughter of Mr. and Mrs. I. W. Nixon, who is teaching in the schools of Hammond, Ind., arrived home Saturday to spend the summer vacation.

Miss Edith Smith, a State Normal student, went to her home at Barnard Saturday morning to spend Sunday.

## JAMES GAYLEY ON PRICE OF STEEL

Former Vice President of Com-  
bine Tells of Destructive Wars.

### RATE CUTTING DISASTROUS.

All Companies Would Lose Money, Then There Would Be an Agreement Until Losses Were Recouped—Had "Understandings" With Railroads.

Washington, June 10.—Denial that Andrew Carnegie by threats compelled the formation of the United States Steel corporation and an acknowledgment that the steel companies before that organization counseled with the railroads as to the price of steel marked the testimony of James Gayley, vice president of the corporation and an officer of the Carnegie concern for many years, before the house "steel trust" investigating committee.

Mr. Gayley, questioned by Representative Young of Michigan, gave the history of the Carnegie Steel company from 1885 to 1901, when the steel corporation was formed. He described periods of "destructive competition" between different companies and the ultimate progress and development of the Carnegie company. He also described new methods of manufacturing steel and dealt upon their effect in advancing the values of steel properties.

Asked as to the price of rails in the early period, Mr. Gayley declared that the price usually was fixed in conference with railroad officials, chiefly those of the Pennsylvania railroad.

"Were there any agreements as to prices in those days?" asked Young.

"In those days all the steel companies were independent," said Mr. Gayley, "and there were periods of war so destructive that agreements were necessary in order for all to recoup. Then would come other destructive wars. Agreements were necessary from time to time or ultimately one company would have secured a monopoly of the business."

#### Gayley Denies Knowledge.

Mr. Gayley said he had no personal knowledge that Andrew Carnegie had threatened to build a tube mill at Conneaut for the purpose of forcing the Morgan interests to buy out the plant, as charged by John W. Gates.

The Carnegie company had purchased land at Conneaut, he said, for the location of a new plant, but it was not determined whether a tube works or a wire mill would be erected. The purpose of building, he said, would have been to furnish an outlet for the steel of the Carnegie works near Pittsburgh, which steel had formerly been taken by the National Tube company, a Morgan enterprise.

### SUIT TO EJECT PARSONS

Government Brings Suit to Oust Man From Indian Land in Richardson.

Lincoln, June 10.—Assistant United States Attorney Lane filed a petition in the federal court praying for the ejectment of John Parsons from a piece of land in Richardson county, which is known as an Indian allotment. The land which is in contention is a part of the reservation occupied by the Iowa and Sac and Fox Indians and is under the charge of the superintendent of the Kickapoo school at Horton, Kan. The recent ruling of the authorities at Washington that leases to this class of land are not valid unless approved by the secretary of the interior was not complied with in this case and furnishes a basis for the ejectment proceedings which were filed against the Richardson county man.

## FRANCE OBJECTS TO SPAIN'S MOVE

Protests Against Sending Army Into Northern Morocco.

### DIPLOMATS ARE GETTING BUSY

French Ambassador Represents Urgency of Further Military Enterprise in Troubled Sultanate. More Fighting in Morocco.

Madrid, June 10.—Premier Canalejas informed the chamber of deputies that Spain's projected military operations at El-Araish, Morocco, were not inconsistent with the treaty of Algeciras or other agreements.

It was necessary, he said, for Spain to restore and preserve order in that part of Morocco.

It is understood that the government also plans the occupation of Tetuan, Morocco, because Spanish subjects have been killed or maltreated by rebellious tribesmen.

In both the Tetuan and El-Araish regions Spanish interests are endangered. The French government is endeavoring to dissuade Spain from these military movements.

#### French Government Concerned.

Paris, June 10.—The French government is concerned over Spanish activity in Morocco, especially at a time when France, having attained the relief of Fez, intends to withdraw its troops after reorganizing the sultan's army and having accomplished the pacification of the country.

Spain seemingly is determined to extend its zone in Morocco, which is now limited to Melilla and Ceuta and their environs.

M. Goeffray, the French ambassador at Madrid, is representing to the Spanish government the untimeliness of further military enterprise in the troubled sultanate as endangering the confidence of the powers in the maintenance of Moroccan unity, since some power might declare that Morocco was being dismembered and so the powers were no longer bound by the Algeciras agreement, but each free to act according to its own interests in reference to Morocco.

The power naturally in mind which might make such representations is Germany. The German note, which was reported as being sent to France calling attention to the limitations of the Algeciras agreement, apparently has not been received here.

#### Hundred Spaniards Killed.

London, June 10.—The correspondent of the Temps at Marina, Morocco, telegraphed that a clash had occurred between the Spanish troops and a force of tribesmen at Souk Arba Dekert. The Spanish losses were 100 men killed. The tribesmen suffered a loss of probably sixty dead. The Spanish were reconnoitering in force at Souk Arba Dekert, when they were attacked by the tribesmen. The Spaniards retreated.

#### Brain Leaks.

Every baby's first step is the most wonderful thing that ever happened. One of the drawbacks of poverty is that there is no exclusiveness therein. If it wasn't for our troubles we wouldn't know how to enjoy our pleasures.

The easiest thing in the world is to frame up an excuse for doing something we want to do.

The wise pastor doesn't start on his summer vacation until after the June wedding season is over.

A lot of homes are made sad because the father exhausts himself trying to be a "good fellow" downtown.

As for gossip, we fall to see the difference between the one who retails it and the one who eagerly listens to it.

Maybe one reason women get so worked up at a bargain sale is that they so seldom receive any money from their husbands to spend.—The Commoner.

**GRAY HAIR WILL MAKE YOU LOOK OLD**

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will effect the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wyeth, a modern chemist, has combined the two with other ingredients which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from falling out and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

## If You're Alive To The Need of the Moment--"Build Now"

and be happy the rest of your life. There's no satisfaction like that born of the knowledge that you have a home of your own. And if you'll follow our advice and BUILD NOW, you will always be satisfied that you exercised good judgment. We believe this after watching the lumber market for years. Not in years have we been able to offer such excellent grades for all classes of construction—lumber of real quality. This is not bargain counter lumber, for it has a fixed market value, but by keeping pace with the times and buying only from manufacturers who mill with the most improved machinery we have secured absolutely the best values our money could buy. If you're interested we want to figure with you.
